FROM THE PROPOSAL

Why OPALÉRA Exists

Buying jewellery online is a gamble — fake stones, no recourse, and real pieces priced beyond a normal salary. OPALÉRA answers with a maison you can trust.

Certified authentic

Every piece carries its own certificate of authenticity; the maison refunds in full if a stone is ever misrepresented.

Honest prices

Direct-from-atelier pricing from R 959, VAT included, with instalment framing on every piece.

The rating system

The proposal's differentiator: star ratings, written patron reviews and thumbs votes on every piece — visible before you pay.

Catalogue: the 80-piece Kaggle jewellery dataset · necklaces, earrings & pendants · R 959 – R 6 799
